Know what needs to be done

### Activities—During the Past Week

- Main Pages have been implemented.
- User testing with friends.
- Workable solutions have been created.
- Created a community page and profile page

### Activities—Planned for Next Week

- Work on MVP 2.
  - About Us Page
- Fix CSS for displaying content dynamically.
- Use a plugin for adding map functionality to show users.
- Plan a Demo for the client.

### Project Issues

No major issues

### Project Changes

Functionality implemented with mixers from different MVP internations due to WB plugin constraints.
